The class Judges sent through some beautiful specimens of our breed for me to assess for the final awards.

BIS went to Thompson's Drishaun The Vampire Lily Via Gothika JW. There was so much to admire with this black masked lad, he has a well-shaped head with good dark triangular eyes and well placed ears, lovely long neck leading to good shoulders with corresponding return to upper arm, well sprung ribs and deep chest with short firm loin, good fallaway with correct tail placement finished well with a ringed tail, complementary rear angulation, moving out nicely with long raking strides.

RBIS was Barber, Henry & Sampson's Tianze Melt My Heart At Normarand AI (Imp Aust). Nicely balanced black masked gold girl with lovely head and dark eyes, good length to neck leading to well-placed shoulders, firm topline and a good depth of chest, correctly placed tail and good rear angulation moved out well.

BPIS went to Edward's Rhajikhan Aurora; Brindle girl brimming with confidence, under a mass of monkey whiskers was a well-shaped head with good eye and ear placement, long neck leading to nicely placed shoulders with a good return of upper arm, firm level topline, well set tail although she did carry it slightly high, but this should drop in time, she was well angulated at the rear, really strode out on the move.

Res.BPIS was Drage's Shimalma Drambuie, pale gold boy with a nice head, good colour to the eye and well placed ears long neck to good shoulders, deep chest and he had a good topline nicely set on tail with good rear angulation although moving rather loosely hopefully this should settle with more maturity.

BV, Adam's Ch. Zandahar Just Tiger Lily, quality brindle bitch that scores well on all breed points, Lovely head with good triangular eyes and well placed ears, long neck leading to correct shoulder placement and good return of upper arm, plenty of depth of chest, level topline and correct set of tail carried at the desired level, well angulated at the rear which corresponded with the front. Moved out well to win this challenge.

Res.BV Cullen's Syrdarya Toffy Pop At Eweyisska; nicely balanced lad with a typical head, triangular eye shape, well placed ears, good length of neck leading to well laid shoulders and excellent return of upper arm good depth of chest and level topline, well set ringed tail, good rear angulation, was not giving his all on the move today!
